Description

Imported from the Netherlands, this 29' Beaver Picnic Launch is stunning. The handcrafted teak and varnished mahogany is unlike any other and the rope rub rail is a signature feature. Solid fiberglass hull and reliable twin diesels. The unique aft center helm allows for the captain to converse with all guests while cruising. Relaxing is made simple with the spacious seating area, aft sun-pad area, and the V-berth forward. When it is time to picnic, the folding teak table with pedestal can be put in place and the (2) refrigerator drawers can be utilized. Cruising is effortless at 22 knots at only 9 gallons per hour.

Highlighted options:

Electronic engine controls, Yanmar engine warranties, bow thruster, Garmin GPS, underwater lights, Webasto furnace, custom upholstery and canvas, and much more.

Highly preferred twin shaft drive (compared to I/O's) coupled with electronic engine controls and bow thruster make this one of the easiest boats of this size to handle.

Moored undercover in freshwater since new!

Treat your friends and family to a day on the water! TRADES CONSIDERED.
