Riviera 395 SUV: Launching the SUV into exciting new waters

The Riviera design team's history of innovation has been instrumental in crafting a worldwide reputation for structural excellence. A primary driver also behind producing many notable, often pioneering craft.

The most recent source of pride is the sensational new Riviera 395 SUV. More than a new model, it steers the entire concept of luxury SUV cruising into fresh and exciting waters.

The challenge was to combine Riviera Flybridge performance, structural strength and cockpit space with the single-level entertaining style of Riviera Sport Yachts - with one crucial caveat. To fashion it all - traditional SUV luxury, blue-water practicality and sheer style - into an under 40-foot package.

Faced with the challenge of going further, our design team elected to go wider. Creating a revolutionary new broad beam hull and deck design that makes so much more possible.

Look forward to luxuriating in two generous, superbly appointed staterooms and a large bathroom on the accommodation deck. Life in the saloon takes on new levels of spaciousness and comfort. While out in the cockpit, versatility is the keynote. Spend your days indulging in a bounty of different water sports, then relaxing and entertaining evenings and nights.

With silky smooth power and efficiency from twin Volvo D6 IPS 500 turbo diesel engines at your command, the new Riviera 395 SUV is ready to launch you into a whole new class of cruising.

It all starts here

Adventurer. Explorer. Entertainer. Sleek yet strong in profile the Riviera design team have clearly excelled. Like all great designs, she is both practical and grand.

No onboard space exemplifies this 'grace and brains' combination of the 395 SUV better than the cockpit; natural heart of so much onboard action.

Take a look around now and immediately note its generous proportions. This is a large area for a craft of its size. Large enough in fact to seat a gathering of adults in comfort with luxurious fixed and optional seating. Well equipped enough too by Riviera to cater for all manner of water sports.

Pride of place in the cockpit, set across the transom, facing forward and accessed from the swim platform, you'll discover the LED-lit barbecue centre; with sink and food preparation space thoughtfully included. This is the spot to share a meal, joke and running commentary on the water sports' action taking place all 'round.

Located below the barbecue centre is a handy storage hatch. Large enough to store a tender outboard, oars, fenders, lines and fishing rods.

Forward to port under the awning window, you'll discover a comfortable seat with cool box underneath capable of housing a refrigerator or freezer option. On the starboard side, a storage or fish bin is built under the cockpit floor. The ice-maker is located in a starboard forward compartment for ultimate catch freshness, cooling celebratory drinks, or both.

New standards of safety, above all

Building-in class-leading safety is central to the Riviera vision. This was a key design driver when creating a fresh new entry to luxury SUV cruising, the 395 SUV.

Look forward to safe passage whenever you head offshore, wherever you go onboard. Making your way to the side decks and foredeck is easy. That extends to guests of all ages, any age, even the four-legged variety.

Wide side decks feature thoughtfully placed handrails, a high side and bow rail and raised 100mm bulwarks, ensuring safety and comfort, even in inclement weather. The foredeck's deep anchor lockers store anchoring equipment concealed from the elements and view.

Up on the foredeck, sea life will sparkle and sunsets bedazzle. Relaxation will also go to deeply satisfying new levels.

Just look at that moulded inset built into the foredeck. It's purpose designed to fit the large optional, Riviera double sun lounge pod. With integrated backrests and drink holders, you've never been happier or more laid back. Cheers.

Life indoors

Perhaps the heading above might better read, 'Life indoors and outdoors'. Why?

Because easy flowing access and interaction between cockpit, galley and saloon help define classic Riviera SUV cruising. It is alfresco, Australian style. It is also brilliantly well designed to allow fast secure closure between different areas when the weather or elements demand it.

Venture inside now from the cockpit through the stainless steel framed, tempered and tinted glass centre door. Impressive? Absolutely. As is the large awning window opening out from port side aft helping connect inside and out. To starboard aft, discover the gourmet galley...

Here the happy chef can create on an electric cooktop with under-bench convection microwave. A sink, food preparation benchtop and deep drawer fridge are all within easy reach. So too are other guests and all the good times being had onboard, inside and out. On the striking new 395 SUV, the days of your chef 'missing in galley action' are long gone.

Dinner is served in the generous dining area with L-shaped seating, opposite the galley on the port side. With wrap around views forward, aft and to either side, it's hard to imagine a more spectacular place to dine.

With the lounge opposite, great conversations generally flow in such conducive surrounds. Be warned however: Diners can often get lost for words as a flaming red sun slides into a silver flecked sea.

To cap off a really memorable evening, turn to the TV located forward of the lounge. Viewable from within the saloon and from the cockpit, your entertainment options also include AM/FM radio and CD sound system with iPod interface.

Skipper wanted. No experience necessary

"Easy to handle." "Go anywhere versatility." "Sheer modern luxury." The key principles driving the design of the 395 SUV really come to the fore at the helm.

New to skippering a luxury motor yacht but at home behind the wheel of a luxury contemporary car? Congratulations. You're ready to take command of your own Riviera 395 SUV. Better still, experienced skippers can look forward to next level of performance, economy and control.

Step forward to port and slide into the plush captain's chair. The sporty leather steering wheel feels good to the touch. Now reach for the empowering joystick by your side. It delivers centimetre-perfect control even when you're pivoting the yacht into an ultra-tight berth.

The instrumentation on the dash is designed and integrated to inspire confidence. Genuine peace of mind. It's all here on display on large multi-function touch

screens. World class electronic navigational aids. State-of-the-art operating systems. Touch screen menus instantly informing you of everything you need to know: full vessel intelligence, engine system performance, up-to-the-minute navigational updates.

It all adds up to total command backed by refined and spirited performance from twin Volvo D6 IPS 500 turbo diesel engines delivering 370hp. That's performance par excellence with class-leading power-to-weight ratio, enhanced torque and improved fuel efficiency.

For further peace of mind, all Riviera 395 SUV Volvo Penta engine components, electronics and drives are covered by a comprehensive 5-year limited warranty.

The very accommodating master stateroom

Space, light, luxury. All under 40-foot. The Riviera design team's philosophy of continuous improvement shines on the accommodation deck of the 395 SUV.

Stepping down the stairs from the saloon the splendour of the master stateroom impresses. This is an inviting space. Bright and airy with hull windows on both sides fills the room with soft filtered light and an overhead deck hatch introduces fresh sea air if desired.

Most notably this is a space alive with the elegant handcrafted touches that set Riviera yachts apart.

The thick pile carpet underfoot cushions while helping create a tone of quiet ambience. The master's wardrobe to port side aft impresses in highly polished timber. A thing of beauty. A thoughtfully designed space to store a range of leisurewear and selection of personal items.

Should you be relishing the prospect of an extended break however, handcrafted overhead lockers and shelving on both sides will accommodate all your extra items in style.

Feel the need for a little light entertainment? Exercise your option to fit a flatscreen television with integrated sound system or maintain your stateroom as a private sanctuary. The choice is yours.

Rest assured, Riviera has your sleeping needs well and truly covered. The bed in the master stateroom is supremely comfortable, queen-sized and fully walk-around. Deep restorative sleep will ensue.

Immediately adjacent you will discover your en-suite bathroom (with two-way access). Beautifully appointed and generously proportioned, it features a walk-in shower, full vanity and basin, superbly detailed timber drawers and large, well lit mirrors.

Treat your guests to the best

All the adventure and excitement of life onboard the 395 SUV is something owners invariably want to share. The guest stateroom is where you'll accommodate up to three special family or friends.

Generous hull windows with opening portholes on either side fill the room with light and fresh air. That's plush carpet underfoot and LED lighting overhead. There are three adult-sized single berths, two to starboard and the other to port. Simply add an infill and the twin starboard berths quickly convert to a large double bed.

Thoughtful touches like this are typical of the "you come first" Riviera design approach. In this instance providing owners with a welcome degree of accommodation flexibility and your guests a memorable getaway experience.

Guest storage needs are also carefully considered and incorporated. A large, impeccably finished timber wardrobe is located out of the way, just inside the stateroom's entry. It stores clothes and valuables in style, while helping create an enhanced sense of stateroom living space.

Guests will discover further ample storage options under the twin beds along with a clever overhead two-metre storage cabinet simply made for rod or life jacket safekeeping.

What sets Riviera apart as one of the world's great luxury motor yacht builders?

Is it the devotion to quality, standard of materials used, the ocean-tested structural strength, unsurpassed ease of operation, or the stylish, handcrafted luxury finish? Or perhaps it's the famous culture of care that transforms owners into the 'Riviera family'.

The answer is all of the above, and more. Much, much more. Over 40 years and the building of over 5,600 luxury motor yachts, the 600-strong Riviera team have been on a continuous quest of evolution and refinement.

This remarkable heritage of knowledge matched by innovation allows us to marry the best of the time proven with the exciting and new. Here we build on the notable Australian qualities of strength, practicality and love of water in the continent completely surrounded by three oceans and four seas.

Then we test our designs in some of the toughest offshore conditions on earth. Hardly surprising that Riviera luxury motor yachts command impressive resale values worldwide.

Today, you can choose from five individual designs that make up our fabulous collection of luxury motor yachts, the Riviera Flybridge, SUV, Sport Yacht or Sports Motor Yacht models, along with our more traditional Belize Collection. All will withstand virtually anything the elements and you can put them through, with poise and ease.

Naturally, we back this confidence with an industry-leading 5-year structural limited warranty. In addition, with all our Volvo Penta powered yachts, we offer a 5-year limited warranty covering helm station controls and multi-function displays, steering and propellers, plus pod drives and engines.

Life is too short for needless compromise. So when it comes time to invest in your dream motor yacht, why settle for a lesser option when you can enjoy all that makes up a Riviera.
