

*A NEW DIMENSION
TO LUXURY ENTERTAINING*

Welcome aboard the Riviera 505 SUV

The Riviera SUV Collection: Family and friends will thank you forever

Next time you seem certain to be swamped by the incoming tide at work - everything wanted yesterday, or the day before - take a moment to reflect on the larger picture. • There is a bigger world out there filled with wonder and adventure. Over 70% covered in water, and just waiting for you to discover it all. • What better excuse could you have to run with the outgoing tide and explore all the highlights of both hemispheres on board your brilliant new Riviera SUV adventure yacht. • Surrounded in luxury, totally relaxed and taking every opportunity to create unforgettable memories, your friends and loved ones will thank you forever. • The Riviera SUV Collection includes the 395 SUV, 445 SUV, 545 SUV, 575 SUV and now the sensational new 505 SUV. They are a perfect meld of the high performance and wide open cockpit of the classic Riviera Flybridge Collection, and the luxurious single level, alfresco entertaining style of the award winning Riviera Sport Yachts. And with our new 505, our highly-skilled design team has added the magic of a mezzanine to the living plan: adding a new dimension of comfort to your motor yachting adventures. • With our SUV Collection you will be at the helm of two fabulous motor yachts in one ... with twice as many excuses to turn your life into one great adventure after another. Enjoy!

Rodney Longhurst
Owner Riviera

The Riviera 505 SUV: A new dimension to luxury entertaining

When Riviera's highly-skilled design team set out to create their newest addition to the SUV Collection their first and foremost objective was to make the best of both world's even better. • The result is the spectacular new Riviera 505 SUV. The same pedigree of a single level alfresco entertainer with thrilling blue-water ability but with the added dimension of the mezzanine: a beautiful wining, dining and relaxing space offering privacy and protection from harsh sun and weather all year round. Escape par excellence. • The SUV concept demands a generous cockpit, low to the water to maximise the action and adventure of the full spectrum of water sports. And that's what the cockpit of the 505 delivers. Picture yourself cruising the great waterways of the world, diving in the Bahamas, or fishing on the Reef. Anything and everything is possible on board your Riviera 505 SUV. • World renowned, ocean tested, Riviera build quality and strength underpin spirited, enduring performance and retained resale value. • And no motor yacht could be more luxurious or better appointed. • From bow to boarding platform, you'll relish the Riviera attention to detail, handcrafted luxury and astonishing operational technology. This is cruising on an unprecedented scale of comfort and ease. • Below decks, the 505 SUV adds a new dimension to refined living with a breathtaking full-beam master stateroom complete with spacious private bathroom and separate walk-in robe. Clever design has created ample space for two guest staterooms and a spacious shared bathroom, all bathed in natural light with generous head room. • Take command with the Volvo Penta Glass Cockpit navigation system and the silky-smooth, spirited and economical performance of twin Volvo Penta IPS turbo diesels with fingertip easy joystick control. • Escape, explore, relax and unwind.

Step aboard. New adventures starts here

The generous cockpit is near the waterline which opens up a whole world of sporting opportunities from sports fishing to diving to paddle boarding or kayaking. Before you step aboard, you'll notice the swim platform is extra large with a fixed hob from the transom to allow free access when your tender or jetski is secured. An optional hydraulic lifter makes it easy to launch or retrieve watercraft and the swim platform serves as a beach when partly submerged, perfect for water sports or children. Step easily from the dock and enter via either of the outward opening transom doors. • At anchor, both these doors open a full 180 degrees and lock flat against the transom, extending the cockpit out to include the swim platform. It's discreet design ideas like these that make the 505 SUV feel so much bigger than it is. • In typical Riviera style, a wealth of practical, well considered features are built into this wide, welcoming cockpit space. In line with its sports fishing pedigree the cockpit is designed to self-drain quickly. • There's a hand held, hot and cold freshwater shower as well as an outlet for salt water wash-down and all the hatches have gas struts for easy access and heavy duty lock downs. • You can never have enough storage and you'll find volumes in both the cockpit floor and the transom, in fact throughout the entire yacht. There are three lockers in the cockpit floor and a storage bin in the transom can be optioned to a serious live bait tank with a window and light. • Either side of the centre steps leading up to the mezzanine you'll find the barbecue station, wet bar and sink as well as a large lift-up fridge freezer and separate icemaker, so you are all set to entertain your guests with the freshest seafood and ice cool drinks. • Picture the whole family now: it's dusk at anchor in the islands. Refreshments have just been served in the cockpit. A pod of dolphins cruise by, as happy in their element as you are in yours...

The sheer magic of the mezzanine

A beautiful space, offering protection from harsh sun and weather, the mezzanine is the entertaining centre of your luxury motor yacht. Two teak inlaid steps lead up from the centre of the cockpit and now you're in the lap of luxury. To appreciate the full glory of this clever design, open the tinted glass door, then open out the large tinted glass awning window, both framed in highly polished stainless steel. Now the mezzanine connects and flows through to the saloon and galley, one big beautiful alfresco living plan. • Two tinted sunroofs above provide soft atrium light and with the push of a button slide open to invite a refreshing sea breeze. There are two supremely comfortable lounges located either side of the mezzanine. The port side lounge features a folding timber table with a large insulated ice-box under the seat. You'll love the occasional double daybed, folding out from the starboard lounge, perfect for reading, relaxing or even overflow accommodation for unexpected guests. Music for the mezzanine comes courtesy of two hidden speakers and a remote to control the sound system from the saloon. Easy proximity to the galley means snacks and meals are never far away. • And the fixed lounges mean there is no need to dig out occasional furniture for the mezzanine – it's all weather and always ready for company. Relaxing and entertaining on the mezzanine has never been easier - one of the many outstanding design features that have added a new dimension to the 505 SUV.

Safety for all on board

Riviera owners are invariably popular people, so we've gone out of our way to ensure everyone on board is safe and sure-footed at all times. That includes your children, grandchildren, friends of all ages, even your beloved pets ...and it applies to all parts of this amazing yacht, in particular the forward deck. • Life up here holds tremendous appeal. At anchor, you are above it all. Literally. And with typical Riviera attention to detail, everyone can be confident and comfortable making their way forward. • First we designed wide side decks with raised, toe kick bulwarks and the sure-footed grip of non-skid surfaces. Then, to ensure complete safe passage, we've incorporated high stainless steel side rails working in harmony with conveniently placed hand rails. The end result? Safety, above all, for all on board. • On the 505 SUV, the bowsprit has been replaced by a modern through-the-bow design giving the Ultra anchor more protection. With deep anchor lockers cleverly concealed from view storing a range of equipment, there's nothing to obscure your outlook. Relaxing on the raised, deeply cushioned double sunbed, you can be at one with nature and sunsets often seem close enough to touch. Both backrests are adjustable and the whole sunbed lifts up on gas struts providing access to a large storage locker, perfect for fishing rods or beach gear. You'll find more storage lockers either side and a thoughtful non-skid walkway between the sun bed and the windscreen taking the hard work out of removing or attaching the windscreen cover. • Once again, thoughtful Riviera design makes boating easy.

Far more than a galley

The layout, standard of cabinetry, décor and appointments of your Riviera 505 SUV galley put it firmly in the class of a fine designer kitchen. This ultra modern galley is flooded with natural light and in exactly the right place, midway between the saloon, mezzanine and cockpit. So here in this social and yes, well appointed hub, expect lots of company from your guests and the best kind of kitchen ergonomics from our highly-skilled Riviera design team. • Contemporary stainless steel appliances are all within easy reach, integrated into handcrafted, stone finish benchtops and superbly hand varnished Riviera joinery. Additional storage lockers with positive locking hardware are built in overhead, along with large pull-out drawers below, all on commercial grade runners. You'll find everything you need to create gourmet meals in no time including a Miele combination oven and microwave, 2-element electric cooktop with pot keepers, rangehood, sink and two refrigeration drawers. • The option of a drawer style dishwasher completes the galley wishlist. • And take a look at those views, forward, port, starboard and astern...you'll be surrounded by inspiration. Central to the saloon, with the large glass awning window connecting you to the mezzanine, you are in the true heart of the moment...entertaining, conversing, laughing and sharing life, forward and aft...doing it all with grace, style and ultimate ease.

Settle into luxury

The further afield your travels take you the more you will luxuriate in all the refinements and comfort of your saloon. What impresses the most is the visual impact - being completely surrounded by big beautiful tinted glass. The large forward windscreen and sliding saloon windows reveal a constantly moving panorama of sky and sea, natural and exotic. Here our talented designers have captured a wonderful ambiance, always peaceful and quiet through the skilful integration of sound dampening fabric and leatherette panelling plus the comfort of reverse cycle air conditioning. You'll notice a stainless handrail above, following the centreline of the saloon and recessed into the headliner. That's to keep guests sure-footed when your 505 SUV is showing all its glorious blue-water ability.

- Opposite the galley to starboard is an L-shaped lounge area with a clever ottoman that doubles as a coffee table when the cushion is reversed. The aft corner is home to a 43-inch LED Smart TV and a Bluetooth AM/FM surround sound system hidden in the cabinetry.
- Forward of the galley and port side of the helm is a sumptuous L-shaped lounge dining area with a polished timber table mounted on striking stainless steel posts. Under way, this is a perfect spot for guests to enjoy scenic cruising and keeping the skipper company.
- The saloon is a space you'll be drawn to time and again: A space to dine, unwind, converse, plan itineraries, marvel at nature, share precious moments and, above all, enjoy.

Take command

If you're comfortable behind the wheel of a contemporary luxury car, then you can confidently take command of a beautiful Riviera 505 SUV. Cast off and explore a world full of new ports, secluded bays, friends, entertaining and recreational possibilities - a world that runs at a different pace, your pace. • The helm is located starboard, with premium captain and companion chairs and a console brimming with amazing technology. It truly is a state-of-the-art command station with outstanding visibility through the curved, toughened glass windscreen. Sitting behind the sports-inspired steering wheel everything feels just right, as it should, because the functionality of all the operating systems, helm controls and touchscreens have been ergonomically designed and engineered for total ease and efficiency. • Even if you're a seasoned skipper, you are about to experience next level operational ease. Total performance control, total navigational control, plus a cockpit docking station with fingertip-easy joystick maneuverability • Feel the surge of power from the state-of-the-art, silky-smooth, spirited yet economical twin Volvo Penta IPS turbo diesel engines. The performance is effortless, quick to the plane, whisper quiet and deceptively fast. You feel like you're cruising comfortably at around 17 knots when in fact you're sitting on 32 knots. This unique luxury motor yacht has blue-water capability you have to experience to fully appreciate. • Press a button and the impressive sunroof slides back to invite a cooling sea breeze or the stars above. • The art of the escape has never been more fulfilling. Or simpler to command.

The light and luxury below

In the accommodation deck below, you'll find a standard of luxury and appointments normally only associated with the finest hotels. • What hotel however could boast such constantly changing, always inspiring views? So, step down the timber-finished companionway and immediately notice the headroom, space and...the light! Lots of beautiful atrium light, brightening the space and your being, courtesy of the massive glass windscreen above. You'll feel at home straightaway. And you still have the three staterooms and two bathrooms to experience and enjoy... • When the finest materials meet superior flair and commitment, true luxury is created. That's exactly what you and your guests will experience on the accommodation deck of this unique yacht.

Full beam master stateroom, private ensuite and a walk-in robe

A magnificent master stateroom with a private bathroom and a walk-in robe adds a new dimension to a yacht of this size. Large and luxurious, the 505 SUV master stateroom exceeds all expectations. Step inside and your first impression is broad and spacious. The walk-around, queen-sized island bed is pure heaven and features a plush headboard in concert with lush deep pile carpet. Boutique bedside tables of course, and these are grain matched with leather inlays. And there is still ample room for a highly polished timber drawer bureau port side and a chaise lounge to starboard. Amazing. To complete your opulent retreat, a designer ensuite bathroom and walk-in wardrobe are located forward on the port side. Close the cabin door and enjoy selfish solitude in your own private space. • Naturally both the master and bathroom feature reverse-cycle air conditioning. However large hull picture windows framing either side, fill the suite with natural light and a special feeling of being at one with your surrounds. A feeling accentuated on balmy days by fresh fragrant air from the cross ventilation of the opening portholes. Every usable space is an opportunity for more storage. Under the queen sized island bed are storage drawers perfect for travel bags, spare bedding and more. And your floating beach house comes with a cedar-lined walk in wardrobe, full length hanging space and shoe shelves. Relax and unwind. Your big screen LED Smart TV, with surround sound system is standing by waiting to entertain. • The 505 SUV master bathroom is pure luxury; designed to make you feel totally at home, wherever you choose to anchor. Riviera's designers have spared no effort in creating an ensuite that goes beyond what you might expect. A beautifully handcrafted vanity cabinet, solid surface benchtop, designer full-sized shower and more, the effect is both appealing and contemporary. And perhaps one of the nicest touches is a classic, ocean going, opening porthole that reinvigorates your being with fresh tangy sea air. Of course an alarm system to the helm ensures portholes are always shut when underway.

A Master Stateroom walk-in-robe

Give your guests the VIP treatment

On board your magnificent Riviera 505 SUV, guests receive VIP treatment, above and below decks. With this approach in mind, consider the breathtaking forward guest stateroom. Frankly you could be forgiven for mistaking it for the master, such is the level of comfort, finish and appointments. • As in the master, the island bed is queen sized and walk around, with a distinctive upholstered headboard. Notice the LED lighting situated here too, and the superb, handcrafted cabinetry. Of course that's in addition to large his and hers, cedar-lined hanging lockers, as well as even more storage under the island bed, hinging up effortlessly on a pair of gas struts. Here you'll find a Dyson cordless vacuum, stowed in its own charging station, always at the ready. • There's plush pile carpet underfoot, stylish hull windows perfectly framing the natural beauty outside as well as an LED Smart TV. Enjoy the comfort of reverse-cycle air conditioning or open the hatches above and catch a beautiful sea breeze. Yes, your family, friends and honoured guests will enjoy a total VIP experience. • Needless to say this detail in luxury and pampering also extends to the adjacent guestroom designer bathroom which, with dual entry points, also functions as the day head.

Always room for more

You'll find the faster modern life goes, the greater the number of people who'll feel the need to escape with you. So, any last minute family or friends can be accommodated and well cared for in your third stateroom, with private entrance door, forward on the starboard side. There are two adult sized Pulman style beds with a large open storage space below, bedside table, storage cupboard with drawers, along with thoughtful touches like Riviera cabinetry, reverse cycle air conditioning, plush carpet, LED lighting and a fragrant, cedar-lined hanging locker... that unmistakable Riviera air of restful luxury makes for an escape in a class of its own. • Guests share the dual access bathroom of the forward stateroom via the day head entry and are always pleasantly surprised by the space and flair – a frameless, full sized shower, designer vanity, solid surface benchtop and large mirrors.

Fresh linen at your service

A tempting option for your 505 SUV is the inclusion of a very capable laundry station discreetly and centrally located in the companionway of the accommodation deck. It's a laundry in a cupboard, a stacked washer and dryer providing an efficient solution to all the fresh laundry needs of everyone on board. So you can pack a little lighter and enjoy your adventures for as long as you like.....that's the Riviera way.

*Specifications may vary on a regional basis.

Specification clarification

- * Length of the hull (Lh) to ISO8666: Includes all structural and integral parts (ie. the moulded length of the hull). It excludes parts that can be removed in a non-destructive manner without affecting the structural integrity of the craft, (eg. pulpits, outdrives, driving platforms, rubbing strakes).
- ** Dry weight represents the estimated minimum weight of a yacht with standard engines and options, no fuel or water on board, no equipment or provisions and no personnel. The stated dry weight may be exceeded.
- *** Denotes net tank capacity. For useable capacity do not rely on more than 90% of tank capacity. Actual capacity will vary according to yacht trim and sea state. Speeds are subject to normal weather conditions, fuel and/or water levels, passengers and equipment loads.

Our care for your information

Due to the constant refinement of specifications and design by Riviera Australia, the information in this document may change without notice. Specifications may vary with time and by region. Some images or illustrations in this brochure may include options or custom details. • Please note that as safety equipment specifications or standards vary by country, this aspect of your purchase will need to be completed by yourself and or your Riviera representative. • Please refer to your Riviera representative for specific warranty cover and the latest detailed list of inclusions and options prior to purchase..

The Reassurance of owning a Riviera

What sets Riviera apart as one of the world's great luxury motor yacht builders? • Is it the devotion to quality, standard of materials used, the ocean-tested structural strength, unsurpassed ease of operation, or the stylish, handcrafted luxury finish? Or perhaps it's the famous culture of care that transforms owners into the 'Riviera family'. • The answer is all of the above, and more. Much, much more. Over 40 years and the building of over 5,600 luxury motor yachts, the dedicated Riviera team have been on a continuous quest of evolution and refinement. • This remarkable heritage of knowledge matched by innovation allows us to marry the best of the time proven with the exciting and new. Witness our introduction of cutting edge touch screen digital technology and joystick maneuverability, which make navigating and operating a Riviera or Belize luxury motor yacht a relaxed and enjoyable experience. • Located on the Gold Coast, Queensland, our 14-hectare, state-of-the-art manufacturing facility is the largest facility of its kind in the Southern Hemisphere. Here we build on the notable Australian qualities of strength, practicality and love of water in the continent completely surrounded by three oceans and four seas. • Then we test our designs in some of the toughest offshore conditions on earth. Hardly surprising that Riviera luxury motor yachts command impressive resale values worldwide. • Today, you can choose from five individual designs that make up our fabulous collection of luxury motor yachts, the Riviera Flybridge, SUV, Sport Yacht or Sports Motor Yacht models, along with our more traditional Belize Collection. All will withstand virtually anything the elements and you can put them through, with poise and ease. • Naturally, we back this confidence with an industry-leading 5-year structural limited warranty. In addition, with all our Volvo Penta and MAN powered yachts, we offer a 5-year limited warranty. • Life is too short for needless compromise. So when it comes time to invest in your dream motor yacht, why settle for a lesser option when you can enjoy all that makes up a Riviera.
