

IN A LEAGUE OF ITS OWN

Welcome aboard the Riviera 64 Sports Motor Yacht

In a league of its own

The world premiere of Riviera's Sports Motor Yacht design in 2017 has given luxury motor yacht owners the opportunity to fulfil their dream of exhilarating sports performance complemented by a wide range of luxury lifestyle appointments. Both the 72 and 68 SMY models answered the demand for a luxury long-range motor yacht that excels in all water sports from fishing to paddle boarding to diving. • Now Riviera has taken the essential DNA of their Sports Motor Yacht design and scaled it to satisfy those wanting that same sports performance and blue water capability but in a smaller, ultra-luxury yacht. • Our 64 Sports Motor Yacht is a remarkable package, with all the essentials you'd expect to find on a much larger yacht, including walk around side decks, foredeck lounge and entertaining zone, all weather al fresco mezzanine entertaining, spacious luxurious saloon with internal staircase to a fully enclosed air-conditioned flybridge and state-of-the-art helm. • The generous four stateroom/three bathroom accommodation deck is bathed in natural light and features a magnificent full-beam master stateroom. Engineering excellence matches her sports performance and a very stately, smooth quiet and efficient. Finally, her wide, uncluttered cockpit is near the waterline enabling all manner of water sports action. • Owners have embraced this new and innovative design and we now have Riviera Sports Motor Yacht owners cruising the Mediterranean, South-east asia, the Caribbean, the South Pacific and the Whitsundays. • Proudly built in Australia, the Riviera Sports Motor Yacht is in a league of its own.

Riviera 64 Sports Motor Yacht: Redefining style, luxury and performance

A superior offshore, extended range capability combined with renowned Riviera luxury appointments means this blue water yacht has it all. A smooth and quiet ride at speed redefines the class. • 4D Designs in collaboration with the Riviera design team have created this unique new series of sports motor yachts. Inspired by a wish list from our global family of experienced Riviera owners, now you and your loved ones can celebrate true long range luxury cruising the Riviera way. Or simply escape from the everyday for a relaxing weekend away. • Onboard your Riviera Sports Motor Yacht, you will fall under an exotic spell in the absolute lap of luxury, relaxing in complete tranquillity or revelling in adventure, exploring, diving, snorkelling, kayaking, fishing, creating and sharing truly memorable moments with family and friends – for as long as your schedule allows or heart desires.

Welcome aboard

The Riviera Sports Motor Yacht family are uniquely specified craft that share a single vision of cruising in absolute luxury. The generous cockpit is near the waterline which opens up a whole world of sporting opportunities from sports fishing to diving to paddle boarding or kayaking. The mezzanine is the entertaining centre offering privacy and shelter.

- Step easily from the dock onto the spacious boarding platform and enter the outward opening transom doors.
- Reflecting Riviera today, a wealth of practical features are built into this large, welcoming cockpit space including an alloy plate in a reinforced section of the floor so you can easily fit a game chair or outdoor table. There is an enormous volume of storage space including large lockers in the transom, side coaming lockers and deep fish bins in the floor.
- Discover everything you need for relaxed open-air entertaining. There's a fridge/freezer and insulated ice-box as well as a barbecue station with sink and bin chute. The lids stay up on gas struts, with LED lighting and an internal gloss finish makes cleaning easy.
- Picture now: it's dusk at anchor in the islands. Refreshments have just been served in the cockpit. A pod of dolphins cruise by, as happy in their element as you are in yours...

Exceptional access and entertaining to the fore

Wide side decks with high coamings illuminated in soft blue LED light, the sure-footed grip of non-skid surfaces and the reassuring support of 316 marine grade stainless steel handrails designed to make movement aboard confident. • The foredeck is a versatile space at anchor or underway – to launch or retrieve the tender, for sightseeing, entertainment or relaxation. The foredeck boasts plentiful storage lockers and is where most owners choose to securely store their tender. Unloading is effortless courtesy of a low-profile boom davit. • At anchor the foredeck transforms into a fabulous entertaining area with supremely comfortable fold away lounges creating a U-shaped, 8 seater relaxation station complete with generous ice boxes for cool drinks and a dedicated four speaker sound zone with smartphone interface. There's even the option of a sunshade awning. Glorious.

The sheer magic of the mezzanine

A beautiful space, offering protection from the elements, the mezzanine is the entertaining centre of your yacht. To appreciate the full glory of this clever design, slide open the tinted glass door, then open out the large tinted glass awning window, both framed in stainless steel. Now the mezzanine connects and flows through to the saloon and galley. • There are two supremely comfortable lounges either side with large storage lockers below. Forward on the port side is an icemaker with drawer storage whilst the L-shaped starboard lounge wraps around a superbly finished folding teak table. • The convenient proximity to the galley means snacks and meals are never far away. • Completing the picture of this relaxed luxury lifestyle is a portside, LED TV with two-speaker system that folds down from above. • You'll love relaxing and entertaining on the mezzanine - one of the many outstanding design features that affirm Riviera's Sports Motor Yachts to a league of their own.

An inspiring and very social galley design

The galley of your Riviera Sports Motor Yacht could easily pass for a fine designer kitchen. This ultra-modern galley is flooded with natural light and located in exactly the right place, midway between the saloon, mezzanine and cockpit. • A complete suite of premium appliances are beautifully integrated into the handcrafted Riviera joinery of varnished exotic timbers and solid surface benchtops. Additional storage lockers are built in overhead, along with large pull-out pantry drawers. • Helping you create gourmet meals in no time are a combination oven and microwave with grill, 3-element induction cooktop with potholders and rangehood. Extended time aboard demands a lot of refrigeration which is why your galley has a full height refrigerator to starboard with two freezer drawers below and another two fridge drawers opposite together with a wine cooler. And you'll appreciate the dishwasher when it's clean-up time. • We set out to create an inspired space to enjoy cooking and socialising. And that's exactly what we've done!

Unwind in the large and luxurious saloon

The further afield your travels take you the more you will luxuriate in all the refinements and comfort of your saloon – a place to sit, converse, dine, bring family together, entertain guests and always unwind. • Here our designers have captured a wonderful ambiance, always peaceful and quiet with the finest of fabrics and leatherette panelling to allow you to relax, with the comfort of reverse cycle air conditioning. • Ahead of the galley to starboard is the L-shaped leather lounge dining area with a polished timber table – cleverly designed to fold at both ends and manually slide sideways. • To port, your guests will stretch out and relax on the supremely comfortable designer lounge with a matching ottoman that doubles as a coffee table with the flip of a cushion. The saloon transforms into a media room at the press of a button with an LED TV rising into view forward of the galley. There's a Blu-ray player and home theatre sound system hidden in the adjacent cabinet powering five concealed surround sound speakers and two more in the cockpit. • What else will impress? Frankly everything; including the handcrafted internal saloon staircase leading to the flybridge and the space-saving portside pantograph door giving you quick easy access to the side and foredeck.

Four stateroom, three bathroom design

Where flexibility meets absolute luxury ... the Riviera 64 Sports Motor Yacht has been designed to fulfil your desires to go further and stay away for longer. • The 64 Sports Motor Yacht boasts a four stateroom design with full beam master suite. There's also the option for an aft crew cabin with separate access or you can use this space as a utility room for all your water sports equipment storage, a workshop or dedicated laundry. • The master stateroom is presidential in every sense and your master bathroom is pure luxury; designed to make you feel totally at home, wherever in the world you may be. Riviera's designers have created an elegant ensuite with handcrafted vanity cabinet, solid surface benchtop, designer full-sized shower and more, the effect is both appealing and contemporary.

A presidential master stateroom design

The keynote is pure luxury, an invitation to get away from the everyday and stay away as long as possible. • The master stateroom spans the full beam and your luxury ensuite bathroom is located aft on the starboard side creating a truly spacious retreat. The queen island bed is pure heaven and features a plush headboard in concert with lush deep pile carpet. An elegant array of LED lighting overhead makes for a warm welcome. Boutique bedside tables, grain-matched with leather inlays and a highly polished timber drawer unit to starboard add that 5 star feeling. An elegant chaise longue to port completes the luxe style. • Naturally both the master and ensuite feature reverse cycle air conditioning. Large hull windows fill the space with natural light and a special feeling of being at one with your surrounds. • And when it comes to storage we know you plan on being away for extended periods. Hence your bed hinges up on the port side as if weightless on gas struts, providing easy access to a handy storage area perfect for suitcases and spare bedding. The finely-crafted cedar-lined hanging lockers feature shoe shelves, 'his' and 'hers' full length hanging space and a thoughtful Riviera extra ... a safe for your valuables. Relax and unwind. Your LED TV with soundbar is standing by waiting to entertain.

Your guests will enjoy the very accommodating VIP stateroom

Guests will feel very privileged in their VIP stateroom with private entry, private ensuite, a walk-around queen-sized bed, generous storage and stunning cedar-lined cabinetry. • Guests will also enjoy the sparkle of the water and the colour and movement of the world outside through stylish tinted glass panels along both sides of the cabin. The VIP ambiance has been skilfully crafted with plush pile carpet, sound dampening fabric panels, reverse cycle air conditioning and high quality entertainment courtesy of the LED TV and sound system. • The adjoining VIP ensuite is a wholly contemporary designer space. Your guests will feel pampered by peerless Riviera appointments including a handcrafted designer vanity, full-sized shower with frameless glass door even the luxury of a tinted hull window with opening porthole.

A very clever guest stateroom portside

The guest stateroom to port has a unique and inspired touch of flexibility. Simply press a button and the inboard single berth will smoothly slide across to form a beautiful restful double. There's ample storage, reverse cycle air conditioning, deep pile carpet underfoot and LED lighting overhead. Guests will appreciate the LED TV and entertainment centre, cedar-lined hanging locker and hull window with opening porthole. This stateroom shares the day head as a private ensuite and your guests will be pleasantly surprised by the space, luxuries and design flair – a frameless, full sized shower, designer vanity, solid surface benchtop and large mirrors.

A comfortable fourth cabin to starboard

This cabin also enjoys natural light from the tinted hull window and fresh sea air at anchor, courtesy of an opening porthole. There are two Pulman style beds, bedside table, plush carpet, cedar-lined hanging locker with LED lighting, reverse-cycle air conditioning and private entrance door. Guests share the combination ensuite of the third stateroom via the day head entry. • When the finest materials meet superior flair, true luxury is created. That's exactly what you and your guests will experience on the accommodation deck of this unique yacht.

The sensational flybridge

There is so much that is exciting and innovative about the flybridge of your sports motor yacht - it is a story that needs to be told in two parts: the enclosed internal flybridge area and the exterior aft flybridge deck.

- Inside. Light and space are in abundance courtesy of wrap around tinted glass. The flybridge of your Riviera Sports Motor Yacht is extremely quiet, even when this astonishing craft is in full flight – and that ambience extends throughout.
- Enjoy the plush comfort of the L-shaped designer lounge complete with matching ottoman coffee table. There's a drawer refrigerator nearby for cool drinks as well as a fold-out double bed to provide additional accommodation for overnight guests.
- Feel the urge for entertainment? Housed in its custom made, highly crafted timber cabinet - is the LED TV entertainment centre with smartphone interface and six speaker sound system.
- Outside is an upstairs equivalent of the signature flowing saloon, mezzanine and cockpit areas below. This is the place to be out in the fresh air, at one with sky and sea. At anchor, it serves as a splendid private retreat or boutique entertaining area. The nearby wet bar, equipped with fridge drawer, ice maker, sink and bench top for easy preparation, ensures a constant supply of snacks and drinks to keep the party flowing.
- The aft deck also provides excellent visibility for docking or sport fishing by providing fingertip joystick control with electric steering and state of the art electronic and engine systems.

Enhanced lifestyle and operation, at the touch of a button

Riviera's adoption of enhanced technology for both onboard lifestyle and ease of operation is evident right throughout this flagship, not least in the flybridge and helm station. Two outstanding examples: a touch button electric sunroof housed in the flybridge headliner - with heat film tinted glass - opens the space, and the senses.

- Putting your skipper and crew in single-glance control are cameras to the saloon, bow anchor, cockpit and engine room - with direct feeds to your helm navigation screens. These are but two examples of Riviera-style technology application. Effortless, easy and considered.

The joy of being in command

The priceless feeling of being in charge of an exquisitely crafted piece of machinery, in harmony performing precisely as it should, is now something you can experience offshore, every time you slide behind the wheel of your Sports Motor Yacht. • Survey the cutting edge, touchscreen technology on the helm dash and at your side ... all of it fingertip control, all designed to harmonise perfectly with everything below in the engine room. • Riviera's 64 Sports Motor Yacht is shaft-driven with power provided by a choice of highly spirited, twin MAN V8 or V12 engines. Few cruising experiences compare with the pure joy and thrill of being in command of one of these craft. • Slide into the fully adjustable helm and companion chairs, made for extended time at the helm with folding arm, foot rests, and deeply comfortable hand-stitched leather. The sports inspired steering wheel feels perfect to the touch. • The instrumentation: To port, Riviera signature timber cabinetry house vital electronics and an intercom to the galley and engine room. At your side, to starboard, the EJS joystick is at hand, as are Twin Disc Quickshift controls and main helm electronic steering. • On the dash, exactly where you need them, reside the most advanced touchscreen navigation, radar and electronic engine controls. • You will note the comprehensive range of factory-fitted, custom electronic packages encompassing everything from radar to underwater lights, to help you personalise your dream boating experience.

Utility room, laundry or crew cabin – your choice

The mezzanine access to the engine room connects through to the versatile aft utility space which can also be accessed from the master stateroom ensuite. • This utility space offers you a range of choices. You can use it to accommodate crew, or as a very practical utility room to store your diving, fishing and water sports equipment. From the cockpit you can pass down all your rods and reels, fishing gear, wetsuits, snorkelling or diving gear through to the utility room and hose it all down on the self-draining floor. • If you would prefer to use this space to accommodate crew, the aft crew cabin option features reverse cycle air conditioning, single berth bed, storage locker, opening porthole, shower, head and vanity. • Another popular option is to use this space as a dedicated laundry with a separate washing machine and dryer and plenty of bench space for sorting and folding.

*Specifications may vary on a regional basis.

Specification clarification

- * Length of the hull (Lh) to ISO8666: Includes all structural and integral parts (ie. the moulded length of the hull). It excludes parts that can be removed in a non-destructive manner without affecting the structural integrity of the craft, (eg. pulpits, outdrives, driving platforms, rubbing strakes).
- ** Dry weight represents the estimated minimum weight of a yacht with standard engines and options, no fuel or water on board, no equipment or provisions and no personnel. The stated dry weight may be exceeded.
- *** Denotes net tank capacity. For useable capacity do not rely on more than 90% of tank capacity. Actual capacity will vary according to yacht trim and sea state. Speeds are subject to normal weather conditions, fuel and/or water levels, passengers and equipment loads.

Our care for your information

Due to the constant refinement of specifications and design by Riviera Australia, the information in this document may change without notice. Specifications may vary with time and by region. Some images or illustrations in this brochure may include options or custom details. • Please note that as safety equipment specifications or standards vary by country, this aspect of your purchase will need to be completed by yourself and or your Riviera representative. • Please refer to your Riviera representative for specific warranty cover and the latest detailed list of inclusions and options prior to purchase..

The Reassurance of owning a Riviera

What sets Riviera apart as one of the world's great luxury motor yacht builders? • Is it the devotion to quality, standard of materials used, the ocean-tested structural strength, unsurpassed ease of operation, or the stylish, handcrafted luxury finish? Or perhaps it's the famous culture of care that transforms owners into the 'Riviera family'? • The answer is all of the above, and more. Much, much more. Over 40 years of evolution and the creation of over 5,600 luxury motor yachts, the dedicated Riviera team have been on a continuous quest of evolution and refinement. • This remarkable heritage of knowledge matched by innovation allows us to craft the best of the time proven with the exciting and new. Witness our introduction of cutting edge touch screen digital technology and joystick manoeuvrability, which make navigating and operating a Riviera or Belize luxury motor yacht a relaxed and enjoyable experience. • Located on the Gold Coast, Queensland, our 14-hectare, state-of-the-art manufacturing facility is the largest facility of its kind in the Southern Hemisphere. Here we build on the qualities of strength, practicality and love of water in our continent which is completely surrounded by three oceans and four seas. • It is here that we test our designs in some of the toughest offshore conditions on earth. • Today, you can choose from five individual designs that make up our diverse collection of luxury motor yachts, the Riviera Flybridge, SUV, Sport Yacht or Sports Motor Yacht models, along with our more traditional Belize Collection. • We support all of our yachts with industry-leading warranties - 2-year express limited warranty and 7-year structural limited warranty. In addition, with all our Volvo Penta and MAN powered yachts, we offer a 5-year limited warranty. • Life is too short for needless compromise. So when it comes time to invest in your dream motor yacht, why settle for a lesser option when you can enjoy all that makes up a Riviera.
