Description

This 2000 72' Viking Enclosed Fly Bridge is exceptional. You won't find a nicer, cleaner, well equipped and maintained 72' Viking. She is immaculate for a boat this age. Updated interior, painted hull and house, looks new. She has had many upgrades and improvements since this seller has owned her. Every maintenance item gets taken care of immediately, A professional Shipwright looks after her. She is an Amazing yacht, and is ready to cruise or fish and go any where you choose.

She was built with the optional third fuel tank bringing total fuel up to 2,850 gallons. An additional water tank was added for a total of 350 gallons.

This yacht stands tallest amongst pedigree enclosed bridge sport fish vessels of her vintage. She boasts a 4 stateroom, 4 head layout with a full beam master stateroom and day head located in the forward part of the salon. Along with her interior comforts, the cockpit is equipped with a 215 square foot of workable space, flush with live wells, food and bait freezers, tackle and gear storage. With all the action going on in the lower cockpit, a spectator has an unobstructed view of the action while sitting attentively and comfortably at the mezzanine deck.

After a good day fishing or relaxing, passengers can sit in comfort upstairs in the enclosed bridge with a spiral staircase, a raised lounge providing panoramic views underway or at anchor, a wet bar and entertainment system. Getting to your next port of call is no problem with this vessel. Her engine room is a masterpiece of engineering that allows plenty of room to move around and in-between the MTU 1800 hp engines.

Accommodations

Starting all the way forward is the VIP guest stateroom with a centerline queen berth, a starboard side entertainment center with a TV, DVD and AM/FM/CD stereo, double hanging lockers and drawers. Starboard is a private, ensuite head with separate stall shower. Continuing aft to port is a spacious guest stateroom with two (2) twin berths, also with an entertainment center with TV, DVD and AM/FM/CD stereo, hanging lockers and drawers. This stateroom is fortunate to have a private entrance to the guest head, with a separate shower. Further aft to starboard is the third guest cabin which could also be considered crew quarters with upper/lower berths, an entertainment center with TV, DVD and AM/FM/CD stereo, hanging locker and drawers. Access to the head is through a companionway door to the port side. There is a washer/dryer unit located in the companionway. Opposite and down three steps to port is the access to the enormous full beam master stateroom.
